

# Technical Specifications

Parameter	Values
Short range control	2.4GHz Bluetooth Low Energy
Middle range radio control range	868 MHz
Rated radio control distance	up to 1500 m
Rated radio notification distance	up to 2000 m
Interfaces	<ul style="list-style-type: none"><li>• 2xCAN or 3xCAN-FD</li><li>• 4 x LIN</li><li>• 1 x StarLine coded data bus</li><li>• 1 x USB</li><li>• 18 programmable channels which can be set as:</li><li>• 15 OC negative outputs – 200 mA max</li><li>• 2 positive outputs – 2 A max</li><li>• 3 positive inputs</li><li>• 3 negative inputs</li><li>• 1 universal input</li><li>• external temperature sensor input</li><li>• external service (valet) button input</li><li>• external microphone sensor input</li></ul>
Input voltage	8 – 16 V
Rated current	8,7 mA
Tag battery	CR2032 3V
Remote key battery	LR03 AAA 1.5V
Operating temperature range	–40 °C ... +85 °C
Main unit dimensions	105 x 63 x 16 mm

<b>Parameter</b>	<b>Values</b>
Main unit weight	63 g
